## CHILD SAFETY IS OUR PARAMOUNT CONCERN.

kidsme products comply with Global  
Toy Safety standards to ensure  
your baby grow up healthy.

kidsme was established with a  
vision to revolutionise the way we  
feed and interact with our children.

Our family products make it easier for  
parents to enjoy everyday moments  
in life with their little ones.

We believe that happy kids make  
happy parents and our products are  
designed with this ethos in mind.

Our mission is to create safe and  
innovative products that benefit  
baby's development and empower  
children to actively participate and  
find joy in the discovery of tastes,  
textures and beyond.

# BABY FEEDING TIPS

## IS MY BABY READY FOR SOLID FOOD?

There are some signs that may indicate that your baby is ready for solids:

- Can sit upright and hold head up
- Shows interest in food
- Beginning to develop the pincer grasp
- Can move food to the back of the mouth for swallowing

As always, please consult your pediatrician for guidance.

# FOOD FEEDER

-  Fits most baby food pouch brands
-  Control food flow rate
-  No spill
-  Simple plug-and-screw connection

## Food Pouch Adaptor
